*Transparencia, Acceso a la Información Pública y Protección de Datos Personales y publicados en el Diario Oficial de la Federación el 15 de abril de 2016, la prueba de daño es la argumentación fundada y motivada que deben realizar los sujetos obligados para acreditar que la divulgación de la información lesiona un interés jurídicamente protegido y que el daño que puede producir es mayor que el interés de conocer ésta. Para tal efecto, disponen que en la clasificación de la información pública (como reservada o confidencial), debe justificarse que su divulgación representa un riesgo real, demostrable e identificable de perjuicio significativo al interés público o a la seguridad nacional; que ese riesgo supera el interés público general de que se difunda; y, que la limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio. Así, la prueba de daño establece líneas argumentativas mínimas que deben cursarse, a fin de constatar que la publicidad de la información solicitada no ocasionaría un daño a un interés jurídicamente protegido, ya sea de índole estatal o particular. Por tanto, al tratarse de un aspecto constreñido al ámbito argumentativo, la validez de la prueba de daño no depende de los medios de prueba que el sujeto obligado aporte, sino de la solidez del juicio de ponderación que se efectúe en los términos señalados.*

En ese orden de ideas, la información que se clasifica bajo el rubro de **Reservada**, contenida en los contratos señalados, factura enlistada y en el Acta de la Cuarta Sesión Ordinaria del Comité de Adquisiciones, Arrendamientos, Servicios y Enajenación de Bienes Muebles de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, Ejercicio Fiscal 2025; se ubica según corresponde al caso en concreto respecto del bien adquirido, en las hipótesis previstas en el artículo 112 fracciones V y VII de la Ley General de Transparencia y Acceso a la Información Pública, y artículo 94 fracciones II y IV del artículo 94 de la Ley Número 875 supra citada, tal y como se demuestra a continuación:

a) Artículo 112 fracciones V y VII de la Ley General de Transparencia y Acceso a la Información Pública.

Artículo 112. Como información reservada podrá clasificarse aquella cuya publicación:

[...]

V. Pueda poner en riesgo la vida, seguridad o salud de una persona física;

[...]

VII. Pueda causar daño u obstruya la prevención o persecución de los delitos, altere el proceso de investigación de las carpetas de investigación, afecte o vulnere la conducción o los derechos del debido proceso en tanto no hayan quedado firmes o afecte la administración de justicia o la seguridad de una persona denunciante, querellante o testigo, así como sus familias, en los términos de las disposiciones jurídicas aplicables;

b) Artículo 94 fracción IV de la Ley número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave.

Artículo 94. Como información reservada podrá clasificarse aquella cuya publicación:

[...]

II. Pueda poner en riesgo la vida, seguridad o salud de una persona física;

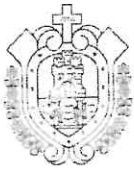

[...]

IV. Pueda causar daño u obstruya la prevención o persecución de los delitos, altere el proceso de investigación de las carpetas de investigación, afecte o vulnere la conducción o los derechos del debido proceso en tanto no hayan quedado firmes o afecte la administración de justicia o la seguridad de una persona denunciante, querellante o testigo, así como sus familias, en los términos de las disposiciones jurídicas aplicables;

De igual manera, solicito tenga a bien considerar que la clasificación de la información de carácter reservado, de conformidad con el Lineamiento Trigésimo Cuarto de los Lineamientos en comento, deberá permanecer durante 5 años.

Para acreditar las hipótesis de la normativa previamente transcrita, es necesario establecer que las actuaciones de los Sujetos Obligados están imbuidas de la buena fe administrativa, en el sentido que se presumen apegadas a la legalidad y veracidad, salvo prueba en contrario. Por lo anterior, de revelarse las ubicaciones exactas de los talleres en los que se realiza el mantenimiento de las unidades oficiales que forman parte de la plantilla vehicular de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, contenidas en los contratos N° AD 06/2025, AD 07/2025, AD 08/2025, AD 09/2025 y AD 10/2025, generaría un riesgo real y demostrable en perjuicio de la procuración de justicia, toda vez que dicha información representaría una ventaja y un área de oportunidad para los criminales y grupos delictivos que les permitiría ubicar las unidades vehiculares con el propósito de vulnerarlos, originando consecuencias graves irreversibles e irreparables. Asimismo, se testó **NOMBRE Y APELLIDOS** del Director de la Unidad de Análisis de la Información, área operativa de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, de conformidad con el Acuerdo AC-CT-FGEVER/SO-16/28/02/2025, emitido en el Acta de la Tercera Sesión Ordinaria del año 2025 del Comité de Transparencia de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, toda vez que, debido a la especial naturaleza de sus funciones y del tipo de delitos que conocen, necesitan de especial protección tanto para ellos, como para la función que realizan. La Unidad de Análisis de la Información, coadyuva en buscar nuevas líneas de investigación, procesar inteligencia, investigaciones, entre otras, por lo que sus funciones específicas son reconocidas incluso por la academia, al establecer o plantear un paradigma de una tetralogía investigadora (Fiscales, Peritos,

Policía Ministerial y Unidades de Análisis de la Información) por lo que resulta necesario proteger la identidad de todos sus integrantes, cuya publicación pueda poner en riesgo la seguridad de los particulares y obstruya la prevención o persecución de los delitos.

No debe perderse de vista que, el cumplimiento de las obligaciones de transparencia tienen como finalidad garantizar la pulcritud con la que se realiza el ejercicio del erario público, pero encuentra su limitación por causas de interés público, seguridad pública o nacional; como lo es el caso que nos ocupa. La Fiscalía General del Estado de Veracruz de Ignacio de la Llave, es el representante social con el deber primario del ejercicio de la acción penal, por lo cual, su capacidad operativa debe protegerse si se pretende que sus acciones sean exitosas y eficaces.

**III.- Hipótesis legales a satisfacer.** - Según lo establecido en las fracciones I, II y III del artículo 89 de la Ley 250 de Transparencia supra citada, se cumplen con las hipótesis normativas de la siguiente forma.

I. La divulgación de la información representa un riesgo real, demostrable e identificable de perjuicio significativo al interés público.

La información requerida, tal como se ha mencionado, tiene relación directa con el interés público pues atiende a una representación social con el objeto de perseguir los delitos, situación que claramente implica que se generen acciones tuitivas de intereses difusos ad cautelam, es decir, prevenir las situaciones que pudieran poner en riesgo la persecución de los delitos, sin que con ello, se obstaculice la rendición de cuentas a la sociedad. Por tanto, resulta necesario la generación de versiones públicas ligadas al cumplimiento de obligaciones de transparencia, tema que también reviste interés público, por lo que, se realiza un estricto análisis de la información que se considera reservada, permitiendo con ello el cumplimiento de las obligaciones establecidas por el marco jurídico aplicable.

II. El riesgo de perjuicio que supondría la divulgación supera el interés público general de que se difunda.

En el caso que nos ocupa, tal como se ha mencionado, existe interés público de conocer la información relativa al gasto público de la Fiscalía General del Estado; sin embargo, los documentos que contienen dicha información, comprenden además información reservada, la cual también reviste un interés público de ser sujeta a protección, por lo que los documentos en estudio, se consideran sui generis, sin embargo, con el estricto testado de aquella que ha sido clasificada, se minimiza el riesgo de perjuicio que supondría su divulgación.

III. La limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio.

Tal como se ha mencionado, únicamente se ha realizado el testado de la información específicamente clasificada como reservada, permitiendo el escrutinio público del objeto de cada documento, el gasto ejercido al respecto y, en consecuencia, transparentar las actividades desarrolladas por la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, relativas a la adquisiciones de bienes muebles e intangibles, situación que se ajusta al principio de proporcionalidad, tal como se puede apreciar en cada documento a clasificar en específico.

Por otra parte, por cuanto hace a la presencia de **Datos Personales**, que en términos de los artículos 103 fracción III y 115 de la Ley General de Transparencia y Acceso a la Información Pública; 97 y 101 de la Ley Número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se clasifican como **información Confidencial**, se testaron únicamente aquellos cuya finalidad no es compatible con el cumplimiento de obligaciones de transparencia, es decir, su divulgación no se justifica en el caso en concreto.

Así, los **DATOS BANCARIOS**, contenidos en los diversos documentos a clasificar, como nombre del banco, sucursal, plaza, número de tarjeta, número de cuenta bancaria/cuenta de cheques, CLABE interbancaria, referencia y convenio CIE, constituyen información que sólo su titular y/o representante legal y/o personas autorizadas poseen, ya que corresponde a un dato que se proporciona a cada sujeto de manera personalizada e individual, por lo que dicho dato lo identifica respecto de cualquier trámite que se realice ante la institución bancaria o financiera. Por medio de dicho número, la persona (física o moral) puede acceder a la información contenida en las bases de datos de las instituciones referidas, en donde se pueden consultar diversas transacciones financieras como son movimientos, saldos y demás información. Por lo anterior, la CLABE interbancaria y el número de cuenta bancaria de persona físicas o morales, constituyen datos personales confidenciales que requieren el consentimiento expreso de su titular para su difusión. Convenio CIE (Concentración Inmediata Empresarial) es un servicio único asociado a su cuenta de cheques, que permite a empresas recibir pagos de sus clientes de forma automatizada y referenciada y permite identificar fácilmente quién, cuánto y cuándo realizó el depósito. *El artículo 16, párrafo segundo, de la Constitución Política de los Estados Unidos Mexicanos reconoce el derecho a la protección de datos personales, consistente en el control de cada individuo sobre el acceso y uso de la información personal en aras de preservar la vida privada de las personas. En ese sentido, el derecho a la protección de datos personales podría entenderse, en primera instancia, como una prerrogativa de las personas físicas, ante la imposibilidad de afirmar que las morales son titulares del derecho a la intimidad y/o a la vida privada; sin embargo, el contenido de este derecho puede extenderse a cierta información de las personas jurídicas colectivas, en tanto que también cuentan con determinados espacios de protección ante cualquier intromisión arbitraria por parte de terceros respecto de cierta información económica, comercial o relativa a su identidad que, de revelarse, pudiera anular o menoscabar su libre y buen desarrollo. Por tanto, los bienes protegidos por el derecho a la privacidad y de protección de datos de las personas morales, comprenden aquellos documentos e información que les son inherentes, que deben permanecer ajenos al conocimiento de terceros, independientemente de que, en materia de transparencia e información pública, opere el principio de máxima publicidad y disponibilidad, conforme al cual, toda información en posesión de las autoridades es pública, sin importar la fuente o la forma en que se haya obtenido, pues, acorde con el artículo 6o., en relación con el 16, párrafo segundo, constitucionales, la información entregada a las autoridades por parte de las personas morales, será confidencial cuando tenga el carácter de privada por contener datos que pudieran equipararse a los personales, o bien, reservada temporalmente, si se actualiza alguno de los supuestos previstos legalmente.*

Así mismo, se testan **NÚMERO IDENTIFICADOR (OCR)**, el **NÚMERO TELEFÓNICO PERSONAL** y el **CORREO ELECTRÓNICO PERSONAL**, en razón de ser información cuya divulgación permite hacer identificable a una persona al estar adminiculada con su nombre, dado el carácter de dato personal confidencial, en tanto que identifica o hace identificable a su titular al no estar vinculada al ejercicio de la función pública, además, su difusión no aporta a la rendición de cuentas, por el contrario, transgrediría la privacidad de los individuos.

Aunado a lo anterior, se testó el **NOMBRE Y APELLIDOS**, y **FIRMA** de particulares, en razón de ser información cuya divulgación permite hacer identificable a una persona, misma que para ser revelada requiere la autorización de su titular al no estar vinculada al ejercicio de la función pública, toda vez que, dicha información fue proporcionada a la Fiscalía General del Estado de Veracruz para fines distintos a su divulgación, además de que es información que por ley es considerada como confidencial.

Por lo anteriormente expuesto, y con fundamento en los artículos 16 párrafo segundo de la Constitución Política de los Estados Unidos Mexicanos; 2 fracción IV de la Ley 251 de Protección de Datos Personales en Posesión de Sujetos Obligados para el Estado de Veracruz de Ignacio de la Llave; 20 fracción XI, 85 fracción III, 88 y 89 de la Ley 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, solicito que gire sus apreciables instrucciones a efecto de que el presente ocuso y la documentación adjunta en disco compacto, sea enviada a la Dirección General de Administración para que realice las acciones necesarias con la finalidad de que sea sometida al Comité de Transparencia de ésta Fiscalía General del Estado de Veracruz de Ignacio de la Llave, la clasificación de la información que se realiza y de ser confirmada, se sirva en remitirla a quien corresponda en vía de dar cumplimiento a las obligaciones de transparencia inherentes al Departamento de Adquisiciones.

Expuesto lo anterior, se instruye agregar el oficio número **FGE/DGA/SRMyOP/DA/311/2025**, suscrito por la Jefa del Departamento de Adquisiciones así como el disco compacto que lo acompaña y los oficios **FGE/DGA/3692/2025** suscrito por el Oficial Mayor y **FGE/DGA/SRMyOP/2748/2025** signado por la Subdirectora de Recursos Materiales y Obra Pública como apéndice del acta de sesión que corresponda y se concede el uso de la voz a los integrantes de este Comité a efecto de manifestar lo que consideren oportuno, sin que se haga uso de tal derecho. Por tanto, considerando que el Comité de Transparencia cuenta dentro de sus atribuciones, con las de "Confirmar, modificar o revocar las determinaciones en materia de ampliación del plazo de respuesta, clasificación de la información y declaración de inexistencia o incompetencia, que sean adoptadas por las personas titulares de las Áreas correspondientes de los sujetos obligados", según lo dispuesto por el artículo 40 fracción II de la Ley General de Transparencia y Acceso a la Información Pública y 30 fracción II de la Ley número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se propone a los integrantes de éste Comité, **CONFIRMAR** la clasificación de información propuesta por la Jefa del Departamento de Adquisiciones, por las razones y fundamentos descritos en el oficio de marras.

**PRUEBA DE DAÑO EN LA CLASIFICACIÓN DE LA INFORMACIÓN PÚBLICA. SU VALIDEZ NO DEPENDE DE LOS MEDIOS DE PRUEBA QUE EL SUJETO OBLIGADO APOORTE.**

De acuerdo con el artículo 104 de la Ley General de Transparencia y Acceso a la Información Pública, y con los lineamientos segundo, fracción XIII y trigésimo tercero, de los Lineamientos generales en materia de clasificación y desclasificación de la información, así como para la elaboración de versiones públicas, aprobados por el Consejo Nacional del Sistema Nacional de Transparencia, Acceso a la Información Pública y Protección de Datos Personales y publicados en el Diario Oficial de la Federación el 15 de abril de 2016, la prueba de daño es la argumentación fundada y motivada que deben realizar los sujetos obligados para acreditar que la divulgación de la información lesiona un interés jurídicamente protegido y que el daño que puede producir es mayor que el interés de conocer ésta. Para tal efecto, disponen que en la clasificación de la información pública (como reservada o confidencial), debe justificarse que su divulgación representa un riesgo real, demostrable e identificable de perjuicio significativo al interés público o a la seguridad nacional; que ese riesgo supera el interés público general de que se difunda; y, que la limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio. Así, la prueba de daño establece líneas argumentativas mínimas que deben cursarse, a fin de constatar que la publicidad de la información solicitada no ocasionaría un daño a un interés jurídicamente protegido, ya sea de índole estatal o particular. Por tanto, al tratarse de un aspecto constreñido al ámbito argumentativo, la validez de la prueba de daño no depende de los medios de prueba que el sujeto obligado aporte, sino de la solidez del juicio de ponderación que se efectúe en los términos señalados.

**DÉCIMO TRIBUNAL COLEGIADO EN MATERIA ADMINISTRATIVA DEL PRIMER CIRCUITO.**

Amparo en revisión 149/2018. Amanda Ibáñez Molina. 6 de septiembre de 2018. Unanimidad de votos. Ponente: Alfredo Enrique Báez López. Secretario: Roberto César Morales Corona.

Esta tesis se publicó el viernes 23 de noviembre de 2018 a las 10:34 horas en el Semanario Judicial de la Federación.

En ese orden de ideas, se plantea la Clasificación de Información en la modalidad de CONFIDENCIAL, toda vez que fueron testados únicamente los datos personales, cuya finalidad no es compatible con el cumplimiento de obligaciones de transparencia, es decir, su divulgación no se justifica en el caso concreto.

Por lo anterior, se testan los **DATOS BANCARIOS**, como Nombre del Banco, Sucursal, CLABE Interbancaria y el número de cuenta bancaria, en las Altas al Padrón de Contralistas de esta Fiscalía General, toda vez que constituyen información que sólo su titular y/o representante legal y/o personas autorizadas poseen, ya que corresponde a información de carácter patrimonial. La CLABE Interbancaria es un dato que se proporciona a cada sujeto de manera personalizada e individual, por lo que dicho dato lo identifica respecto de cualquier trámite que se realice ante la institución bancaria o financiera. Por medio de dicho número, la persona (física o moral) puede acceder a la información contenida en las bases de datos de las instituciones referidas, en donde se pueden consultar diversas transacciones financieras como son movimientos, saldos y demás información. Por lo anterior, la CLABE Interbancaria y el número de cuenta bancaria/cuenta de cheques de personas físicas o morales, constituyen datos personales confidenciales que requieren el consentimiento expreso de su titular para su difusión. **PERSONAS MORALES, TIENEN DERECHO A LA PROTECCIÓN DE LOS DATOS QUE PUEDAN EQUIPARARSE A LOS PERSONALES, AUN CUANDO DICHA INFORMACIÓN HAYA SIDO ENTREGADA A UNA AUTORIDAD.**

El artículo 16, párrafo segundo, de la Constitución Política de los Estados Unidos Mexicanos reconoce el derecho a la protección de datos personales, consistente en el control de cada individuo sobre el acceso y uso de la información personal en aras de preservar la vida privada de las personas. En ese sentido, el derecho a la protección de datos personales podría entenderse, en primera instancia, como una prerrogativa de las personas físicas, ante la imposibilidad de afirmar que las morales son titulares del derecho a la intimidad y/o a la vida privada; sin embargo, el contenido de este derecho puede extenderse a cierta información de las personas jurídicas colectivas, en tanto que también cuentan con determinados espacios de protección ante cualquier intromisión arbitraria por parte de terceros respecto de cierta información económica, comercial o relativa a su identidad que, de

*revelarse, pudiera anular o menoscabar su libre y buen desarrollo. Por tanto, los bienes protegidos por el derecho a la privacidad y de protección de datos de las personas morales, comprenden aquellos documentos e información que le son inherentes, que deben permanecer ajenos al conocimiento de terceros, independientemente de que, en materia de transparencia e información pública, opere el principio de máxima publicidad y disponibilidad, conforme al cual, toda información en posesión de las autoridades es pública, sin importar la fuente o la forma en que se haya obtenido, pues, acorde con el artículo 6o., en relación con el 16, párrafo segundo, constitucionales, la información entregada a las autoridades por parte de las personas morales, será confidencial cuando tenga el carácter de privada por contener datos que pudieran equipararse a los personales, o bien, reservada temporalmente, si se actualiza alguno de los supuestos previstos legalmente.*

Así mismo, se testa el **NÚMERO TELEFÓNICO PERSONAL** y el **CORREO ELECTRÓNICO PERSONAL**, en las Altas al Padrón de Contratistas de esta Fiscalía General, ello a razón de que el número telefónico personal es un número asignado a un teléfono particular y/o celular que permite localizar a una persona identificada o identificable, lo que consecuentemente le otorga el carácter de dato personal confidencial, ya que solo podrá divulgarse mediante el consentimiento expreso de su titular; así también, el correo electrónico se puede asimilar al teléfono o domicilio de particular, cuyo número o ubicación, respectivamente, se considera como un dato personal confidencial; toda vez que el correo electrónico es un medio para comunicarse con la persona titular del mismo y lo hace localizable.

Aunado a lo anterior, se testaron el **NOMBRE, APELLIDOS Y FIRMA** de los particulares que participaron en la Segunda y Tercera Sesiones Ordinarias del Comité de Obras Públicas y Servicios Relacionados con Ellas de este organismo autónomo, toda vez que, el nombre y apellidos son atributos de la personalidad y la manifestación principal del derecho subjetivo a la identidad, toda vez que no se refiere a servidores públicos; cuya divulgación identifica o hace identificable a una persona, vulnerando su ámbito de privacidad, y para ello se requiere el consentimiento expreso de su titular, así mismo, la firma es un conjunto de rasgos propios de su titular, un atributo de la personalidad de los individuos y busca que la misma no pueda ser reproducida por otra persona. La firma identifica o hace identificable a su titular, aunado a que ésta es utilizada como una prueba del consentimiento y aprobación por parte de una persona, por lo que debe ser resguardada; así también, dicha información es considerada por ley como confidencial y fue proporcionada a la Fiscalía General del Estado de Veracruz para fines distintos a su divulgación.

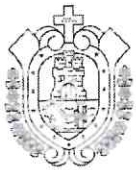

Por lo anteriormente expuesto y con fundamento en los artículos 16, párrafo segundo de la Constitución Política de los Estados Unidos Mexicanos; 2, fracción IV de la Ley Número 251 de Protección de Datos Personales en Posesión de Sujetos Obligados del Estado de Veracruz de Ignacio de la Llave; 84, 85 y 88 de la Ley Número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se solicita de la manera más atenta se remita el presente curso y la documentación anexa, a la Dirección General de Administración para que realice las acciones necesarias a fin de que sea sometida al Comité de Transparencia de esta Fiscalía General, la clasificación de la información que se realiza.

Expuesto lo anterior, se instruye agregar el oficio número **FGE/DGA/SRMyOP/DOP/0663/2025**, suscrito por la Jefa del Departamento de Obra Pública así como el disco compacto que lo acompaña, como apéndice del acta de sesión que corresponda y se concede el uso de la voz a los integrantes de este Comité a efecto de manifestar lo que consideren oportuno, sin que se haga uso de tal derecho. Por tanto, considerando que el Comité de Transparencia cuenta dentro de sus atribuciones, con las de "Confirmar, modificar o revocar las determinaciones en materia de ampliación del plazo de respuesta, clasificación de la información y declaración de inexistencia o incompetencia, que sean adoptadas por las personas titulares de las Áreas correspondientes de los sujetos obligados", según lo dispuesto por el artículo 40 fracción II de la Ley General de Transparencia y Acceso a la Información Pública y 30 fracción II de la Ley número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se propone a los integrantes de éste Comité, **CONFIRMAR** la clasificación de información propuesta por la Jefa del Departamento de Obra Pública, por las razones y fundamentos descritos en el oficio de marras.

Por lo que se procede a recabar la votación del Comité de Transparencia respecto al **punto 5 del Orden del Día**, solicitando a los integrantes del Comité, manifiesten el sentido de su voto de manera particular, votación que quedó como sigue:

**PERSONAS MORALES. TIENEN DERECHO A LA PROTECCIÓN DE LOS DATOS QUE PUEDAN EQUIPARARSE A LOS PERSONALES, AUN CUANDO DICHA INFORMACIÓN HAYA SIDO ENTREGADA A UNA AUTORIDAD.**

*El artículo 16, párrafo segundo, de la Constitución Política de los Estados Unidos Mexicanos reconoce el derecho a la protección de datos personales, consistente en el control de cada individuo sobre el acceso y uso de la información personal en aras de preservar la vida privada de las personas. En ese sentido, el derecho a la protección de datos personales podría entenderse, en primera instancia, como una prerrogativa de las personas físicas, ante la imposibilidad de afirmar que las morales son titulares del derecho a la intimidad y/o a la vida privada; sin embargo, el contenido de este derecho puede extenderse a cierta información de las personas jurídicas colectivas, en tanto que también cuentan con determinados espacios de protección ante cualquier intromisión arbitraria por parte de terceros respecto de cierta información económica, comercial o relativa a su identidad que, de revelarse, pudiera anular o menoscabar su libre y buen desarrollo. Por tanto, los bienes protegidos por el derecho a la privacidad y de protección de datos de las personas morales, comprenden aquellos documentos e información que les son inherentes, que deben permanecer ajenos al conocimiento de terceros, independientemente de que, en materia de transparencia e información pública, opere el principio de máxima publicidad y disponibilidad, conforme al cual, toda información en posesión de las autoridades es pública, sin importar la fuente o la forma en que se haya obtenido, pues, acorde con el artículo 6o., en relación con el 16, párrafo segundo, constitucionales, la información entregada a las autoridades por parte de las personas morales, será confidencial cuando tenga el carácter de privada por contener datos que pudieran equipararse a los personales, o bien, reservada temporalmente, si se actualiza alguno de los supuestos previstos legalmente.*

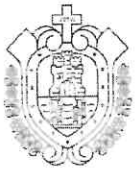

Por lo anteriormente expuesto y con fundamento en los artículos 16 párrafo segundo de la Constitución Política de los Estados Unidos Mexicanos; 2 fracción II de la Ley 316 de Protección de Datos Personales en Posesión de Sujetos Obligados para el Estado de Veracruz de Ignacio de la Llave (vigente durante el segundo trimestre del ejercicio 2025) y su correlativo de la Ley 251 de Protección de Datos Personales en Posesión de Sujetos Obligados para el Estado de Veracruz de Ignacio de la Llave (vigente); 55, 58 y 60 de la Ley 875 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave (vigente durante el segundo trimestre del ejercicio 2025) y su correlativo 84, 85 y 88 de la Ley 250 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave (vigente), solicito por su conducto al Comité de Transparencia, **CONFIRME** la clasificación de información en la modalidad de **CONFIDENCIAL** que se plantea, por las razones y fundamentos descritos y en consecuencia, **CONFIRME** las **VERSIONES PÚBLICAS** que se anexan al presente.

Expuesto lo anterior, se instruye agregar el oficio número **FGE/DGA/SRF/1271/2025**, suscrito por la Subdirectora de Recursos Financieros así como el disco compacto que lo acompaña, como apéndice del acta de sesión que corresponda y se concede el uso de la voz a los integrantes de este Comité a efecto de manifestar lo que consideren oportuno, sin que se haga uso de tal derecho. Por tanto, considerando que el Comité de Transparencia cuenta dentro de sus atribuciones, con las de "Confirmar, modificar o revocar las determinaciones en materia de ampliación del plazo de respuesta, clasificación de la información y declaración de inexistencia o incompetencia, que sean adoptadas por las personas titulares de las Áreas correspondientes de los sujetos obligados", según lo dispuesto por el artículo 40 fracción II de la Ley General de Transparencia y Acceso a la Información Pública y 30 fracción II de la Ley número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se propone a los integrantes de éste Comité, **CONFIRMAR** la clasificación de información propuesta por la Subdirectora de Recursos Financieros, por las razones y fundamentos descritos en el oficio de marras.

Por lo que se procede a recabar la votación del Comité de Transparencia respecto al **punto 6 del Orden del Día**, solicitando a los integrantes del Comité, manifiesten el sentido de su voto de manera particular, votación que quedó como sigue:

**PRUEBA DE DAÑO EN LA CLASIFICACIÓN DE LA INFORMACIÓN PÚBLICA. SU VALIDEZ NO DEPENDE DE LOS MEDIOS DE PRUEBA QUE EL SUJETO OBLIGADO APOORTE.**

De acuerdo con el artículo 107 de la Ley General de Transparencia y Acceso a la Información Pública, y con los lineamientos segundo, fracción XIII y trigésimo tercero, de los Lineamientos generales en materia de clasificación y desclasificación de la información, así como para la elaboración de versiones públicas, aprobados por el Consejo Nacional del Sistema Nacional de Transparencia, Acceso a la Información Pública y Protección de Datos Personales y publicados en el Diario Oficial de la Federación el 15 de abril de 2016, la prueba de daño es la argumentación fundada y motivada que deben realizar los sujetos obligados para acreditar que la divulgación de la información lesiona un interés jurídicamente protegido y que el daño que puede producir es mayor que el interés de conocer ésta. Para tal efecto, disponen que en la clasificación de la información pública (como reservada o confidencial), debe justificarse que su divulgación representa un riesgo real, demostrable e identificable de

*perjuicio significativo al interés público o a la seguridad nacional; que ese riesgo supera el interés público general de que se difunda; y, que la limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio. Así, la prueba de daño establece líneas argumentativas mínimas que deben cursarse, a fin de constatar que la publicidad de la información solicitada no ocasionaría un daño a un interés jurídicamente protegido, ya sea de índole estatal o particular. Por tanto, al tratarse de un aspecto constraído al ámbito argumentativo, la validez de la prueba de daño no depende de los medios de prueba que el sujeto obligado aporte, sino de la solidez del juicio de ponderación que se efectúe en los términos señalados.*

El artículo 15, la fracción referente a "Los gastos de representación y viáticos, así como el objeto e informe de comisión correspondiente" de la Ley 875 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave y su correlativo 50 de la Ley 250 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave (vigente), establecen la obligación de publicar los gastos de representación y viáticos, así como el objeto e informe de comisión correspondiente que ejercen los servidores públicos de algún sujeto obligado; en el caso que nos ocupa, de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave.

Así, el formato respectivo contempla la publicación de los datos como: ejercicio; fecha de inicio y fecha de término del periodo que se informa; tipo de integrante del sujeto obligado; clave o nivel del puesto; denominación del puesto; denominación del cargo; área de adscripción; nombre, primer y segundo apellido; sexo; tipo de gasto; denominación del encargo o comisión; tipo de viaje; número de personas acompañantes e importe ejercido del acompañante; país, estado y ciudad origen del encargo o comisión; país, estado y ciudad destino del encargo o comisión; motivo del encargo o comisión; fecha de salida y fecha de regreso del encargo o comisión; importe ejercido por partida por concepto, importe total erogado con motivo del encargo o comisión; importe total de gastos no erogados derivados del encargo o comisión; fecha de entrega del informe de la comisión o encargo; hipervínculo al informe, hipervínculo a las facturas o comprobantes e hipervínculo a la normativa que regula los gastos por conceptos de viáticos; área responsable que genera, posee, publica y actualiza la información y fecha de actualización.

De tal forma que todos los servidores públicos de ésta Fiscalía General que ejerzan recursos públicos con motivo de representación y viáticos deben realizar las comprobaciones correspondientes, personal que puede ser administrativo u operativo. Éste personal (operativo) adquiere relevancia especial para el desarrollo de la función principal de ésta Representación Social, que en términos generales son la investigación y la persecución ante los tribunales, de los delitos del orden común, velar por la legalidad y por los intereses de los menores, ausentes e incapaces, entre otros.

Con base en lo anterior, resulta necesario establecer que tanto Peritos, Policías Ministeriales como Fiscales realizan funciones operativas dentro de las investigaciones de hechos probablemente constitutivos de delito o bien, con motivo del cumplimiento de un acto de autoridad que se desprenda de un proceso penal en trámite. En ese sentido, dicho personal posee información valiosa para el ejercicio de las funciones del ministerio público y esa peculiaridad los convierte en sujetos de interés tanto de parte del Estado como de la delincuencia organizada.

En ese contexto, dar a conocer información que permita su identificación así como aquella con la cual se puedan establecer patrones de conducta o de rutas de trabajo, pone en peligro la vida de los propios servidores públicos, pues es posible que quienes cometieron algún delito, puedan identificarlos con diversos propósitos; atentar contra su vida, integridad o familia a efecto de alterar la conducción o resultado de su trabajo o influir en el desarrollo del mismo a través de estímulos económicos.

Basta un sencillo ejercicio lógico para concluir que la información reportada en el formato relativo a "Los gastos de representación y viáticos, así como el objeto e informe de comisión correspondiente", contiene elementos que permiten identificar a un servidor público dedicado a funciones operativas que, por definición, se traducen en actividades en materia de seguridad.

Tales elementos se convierten en insumos básicos para saber los días, horas, origen, destino, tiempo de estancia en el lugar de destino, actividad desarrollada, nombre y trabajo que desempeña el servidor público. De esta forma se obtendría un patrón de trabajo y rutina de comportamiento de un funcionario, lo cual claramente lo pone en riesgo, pues sería posible interceptarlo con diversos motivos; uno de ellos, poner en riesgo su seguridad y/o vida<sup>6</sup>.

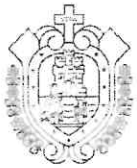

Precisamente, el otrora Instituto Federal de Acceso a la Información Pública, estableció el Criterio 06/09 de rubro y texto siguiente:

*Criterio/06-09 "Nombres de servidores públicos dedicados a actividades en materia de seguridad, por excepción pueden considerarse información reservada."*

*De conformidad con el artículo 7, fracciones I y III de la Ley Federal de Transparencia y Acceso a la Información Pública Gubernamental el nombre de los servidores públicos es información de naturaleza pública. No obstante lo anterior, el mismo precepto establece la posibilidad de que existan excepciones a las obligaciones ahí establecidas cuando la información actualice*

## COMITÉ DE TRANSPARENCIA

### ACTA DE INSTALACIÓN PRIMERA SESIÓN EXTRAORDINARIA ACT/CT-FGE/SE-01/06/08/2025

6 de agosto de 2025

*algunos de los supuestos de reserva o confidencialidad previstos en los artículos 13, 14 y 18 de la citada ley. En este sentido, se debe señalar que existen funciones a cargo de servidores públicos, tendientes a garantizar de manera directa la seguridad nacional y pública, a través de acciones preventivas y correctivas encaminadas a combatir a la delincuencia en sus diferentes manifestaciones. Así, es pertinente señalar que en el artículo 13, fracción I de la ley de referencia se establece que podrá clasificarse aquella información cuya difusión pueda comprometer la seguridad nacional y pública. En este orden de ideas, una de las formas en que la delincuencia puede llegar a poner en riesgo la seguridad del país es precisamente anulando, impidiendo u obstaculizando la actuación de los servidores públicos que realizan funciones de carácter operativo, mediante el conocimiento de dicha situación, por lo que la reserva de la relación de los nombres y las funciones que desempeñan los servidores públicos que prestan sus servicios en áreas de seguridad nacional o pública, puede llegar a constituirse en un componente fundamental en el esfuerzo que realiza el Estado Mexicano para garantizar la seguridad del país en sus diferentes vertientes.*

*Expedientes: 4548/07 Centro de Investigación y Seguridad Nacional – Alonso Gómez-Robledo V. 4130/08 Policía Federal Preventiva - Jacqueline Peschard Mariscal 4441/08 Policía Federal Preventiva- Alonso Gómez-Robledo V. 5235/08 Secretaría de la Defensa Nacional – Jacqueline Peschard Mariscal 2166/09 Secretaría de Seguridad Pública – Juan Pablo Guerrero Amparán*

Criterio que es perfectamente aplicable al caso en concreto, según lo previsto por el artículo 5 fracción IX de la Ley General del Sistema Nacional de Seguridad Pública que dice expresamente IX. *Instituciones de Procuración de Justicia: a las Instituciones de la Federación y entidades federativas que integran al Ministerio Público, los servicios periciales, policías de investigación y demás auxiliares de aquel;* razón por la cual, el personal de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, es personal dedicado a actividades en materia de seguridad.

**III.- Hipótesis legales a satisfacer.** - Según lo establecido en las fracciones I, II y III del artículo 70 de la Ley 875 de Transparencia supra citada y su correlativo fracciones I, II y III del artículo 89 de la Ley 250 de Transparencia, se cumple con las hipótesis normativas de la siguiente forma.

**Que la divulgación de la información represente un riesgo real, demostrable e identificable de perjuicio significativo al interés público.** - La información en estudio tal como se ha mencionado, tiene relación directa con el interés público de perseguir los delitos y la protección de la seguridad y/o vida de los servidores públicos respectivos; bienes jurídicamente tutelados por la Constitución Política de los Estados Unidos Mexicanos.

**Que el riesgo de perjuicio que supondría la divulgación, supere el interés público general de que se difunda.** En el caso que nos ocupa, el interés público en difundir información, estriba en saber el monto del gasto público ejercido con motivo de representación y viáticos por parte de servidores públicos, por lo cual, el interés público que se advierte en la fracción relativa a "Los gastos de representación y viáticos, así como el objeto e informe de comisión correspondiente", referida líneas arriba, se mantiene incólume, pero de difundir la información que hace identificable a una persona o permita establecer patrones de trabajo o rutinas, es un riesgo que supera el interés público de conocer la información relativa al gasto público.

**Que la limitación se adecúe al principio de proporcionalidad y represente el medio menos restrictivo disponible para evitar el perjuicio.** Como se mencionó, parte de la información contenida en el formato que nos ocupa, es considerada como de acceso restringido en la modalidad de reservada, siendo ésta la única que se suprime del mismo, por lo que la relativa al gasto público se mantiene bajo el principio de máxima publicidad, lo cual genera sinergia entre los derechos a la vida, a la impartición de justicia y al acceso a la información pública; medida que es la menos restrictiva para evitar un perjuicio.

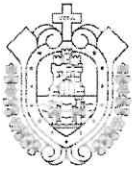

No pasa desapercibida la obligación de establecer una relación directa entre la información reservada con las hipótesis en concreto que motivan la presente reserva; es decir, vincular el nombre de un servidor público con un asunto en concreto relacionado con su función. Sin embargo, es preciso señalar que la Obligación de Transparencia en comento, no versa sobre un servidor público en concreto, sino de todo el universo de servidores públicos al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave.

Por tanto, mencionar de una en una las relaciones entre el servidor público con los asuntos en los que interviene, resulta desproporcionado y se estaría ante la divulgación de información protegida por el artículo 218 del Código Nacional de Procedimientos Penales y 348 del Código Penal vigente para el Estado de Veracruz. Tal afirmación se sustenta con las características que debe revestir la prueba de daño que ya se esbozó, **su validez no depende de los medios de prueba que el sujeto obligado aporte.**

Es por lo anteriormente expuesto, debidamente fundado y motivado, que se procede a clasificar como información de acceso restringido en la modalidad de reservada, la relativa a nombre, primer y segundo apellido; sexo; ciudad origen del encargo o comisión; estado y ciudad destino del encargo o comisión; informe de la comisión o encargo y facturas o comprobantes, al actualizarse las hipótesis previstas por las fracciones I y III del artículo 68 de la Ley 875 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave (vigente durante del segundo trimestre del ejercicio 2025) y su correlativo fracciones II y IV del artículo 94 de la Ley 250 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave (vigente); información que deberá permanecer con tal carácter por un periodo de 5 años.

Expuesto lo anterior, se instruye agregar el oficio número **FGE/DGA/SRF/1283/2025**, suscrito por la Subdirectora de Recursos Financieros así como el disco compacto que lo acompaña, como apéndice del acta de sesión que corresponda y se concede el uso de la

### ACTA DE INSTALACIÓN PRIMERA SESIÓN EXTRAORDINARIA ACT/CT-FGE/SE-01/06/08/2025 6 de agosto de 2025

Por tanto, se advierte la necesidad de solicitar la **clasificación en la modalidad de RESERVADA** de parte de la información que debe publicarse, pues ésta no solo es inherente a los datos personales de naturaleza pública de los trabajadores al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, sino a las facultades y atribuciones conferidas a la Institución del Ministerio Público, por cuanto hace a la investigación, propiamente dicha, de la comisión de probables delitos.

En ese sentido, con fundamento en los Artículos 6 Apartado A fracciones I y II, 16 Párrafo Segundo de la Constitución Política de los Estados Unidos Mexicanos con relación al artículo 68 fracciones I y III de la Ley 875 de Transparencia y Acceso a la Información Pública para el Estado de Veracruz de Ignacio de la Llave y sus fracciones correlativas II y IV del artículo 94 de la Ley Número 250, se procede formalmente a solicitar la **Clasificación de Información en la modalidad de RESERVADA** respecto del Nombre de los Fiscales y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información en activo al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, en los términos siguientes:

**I.- Competencia.** El suscrito se encuentra facultado para solicitar la clasificación de información en comento, según se puede advertir del contenido de los arábigos 225 fracción I y 226 fracciones IV, VII, XIV, XV, XVI, XVIII, XXXIII y XXXIV del Reglamento de la Ley Orgánica de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, pues en mi calidad de Oficial Mayor, cuento con las atribuciones legales necesarias para tales efectos.

#### **PRUEBA DE DAÑO EN LA CLASIFICACIÓN DE LA INFORMACIÓN PÚBLICA. SU VALIDEZ NO DEPENDE DE LOS MEDIOS DE PRUEBA QUE EL SUJETO OBLIGADO APOORTE.**

De acuerdo con el artículo 104 de la Ley General de Transparencia y Acceso a la Información Pública, y con los lineamientos segundo, fracción XIII y trigésimo tercero, de los Lineamientos generales en materia de clasificación y desclasificación de la información, así como para la elaboración de versiones públicas, aprobados por el Consejo Nacional del Sistema Nacional de Transparencia, Acceso a la Información Pública y Protección de Datos Personales y publicados en el Diario Oficial de la Federación el 15 de abril de 2016, la prueba de daño es la argumentación fundada y motivada que deben realizar los sujetos obligados para acreditar que la divulgación de la información lesiona un interés jurídicamente protegido y que el daño que puede producir es mayor que el interés de conocer ésta. Para tal efecto, disponen que en la clasificación de la información pública (como reservada o confidencial), debe justificarse que su divulgación representa un riesgo real, demostrable e identificable de perjuicio significativo al interés público o a la seguridad nacional; que ese riesgo supera el interés público general de que se difunda; y, que la limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio. Así, la prueba de daño establece líneas argumentativas mínimas que deben cursarse, a fin de constatar que la publicidad de la información solicitada no ocasionaría un daño a un interés jurídicamente protegido, ya sea de índole estatal o particular. Por tanto, al tratarse de un aspecto constreñido al ámbito argumentativo, la validez de la prueba de daño no depende de los medios de prueba que el sujeto obligado aporte, sino de la solidez del juicio de ponderación que se efectúe en los términos señalados.

#### **DÉCIMO TRIBUNAL COLEGIADO EN MATERIA ADMINISTRATIVA DEL PRIMER CIRCUITO.**

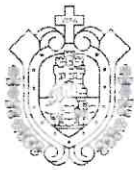

Amparo en revisión 149/2018. Amanda Ibáñez Molina. 6 de septiembre de 2018. Unanimidad de votos. Ponente: Alfredo Enrique Báez López. Secretario: Roberto César Morales Corona.

Esta tesis se publicó el viernes 23 de noviembre de 2018 a las 10:34 horas en el Semanario Judicial de la Federación.

Con base en lo anterior, resulta necesario establecer, que los Fiscales y todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información forman parte de los servidores públicos al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave que realizan funciones operativas, mismas que se encuentran inmersas dentro de la conducción de investigaciones ministeriales; ya sea que se trate de Investigaciones o Carpetas de Investigación, según la terminología aplicable, de acuerdo a la entrada gradual en vigor, del Código Nacional de Procedimientos Penales.

En ese sentido, dicho personal posee información valiosa para el ejercicio de las funciones del ministerio público, particularmente la relativa a la investigación y persecución de los delitos. Precisamente, esa peculiaridad los convierte en sujetos de interés tanto de parte del Estado como de la delincuencia organizada.

**ACTA DE INSTALACIÓN  
PRIMERA SESIÓN EXTRAORDINARIA  
ACT/CT-FGE/SE-01/06/08/2025  
6 de agosto de 2025**

Lo anterior, en virtud de que los citados servidores públicos forman parte fundamental del éxito de las investigaciones, así como del propósito de las mismas, pues son quienes de manera directa, tienen el contacto con las personas, sujetos, objetos e insumos del delito, al realizar la investigación correspondiente.

Por tanto, dar a conocer de manera indiscriminada los nombres, implica la divulgación de información que expresamente pone en peligro la vida de los propios servidores públicos, pues es posible que quienes cometieron algún delito, puedan identificarlos con diversos propósitos; atentar contra su vida o integridad a efecto de alterar la conducción o resultado de su trabajo, atentar contra la vida de sus familiares con el mismo propósito, o bien, para intentar ofrecerles un soborno.

En cualquiera de los casos previamente referidos, se hace identificable a los servidores públicos en comento, quienes pueden influir directamente en las entrevistas, investigaciones y peritajes, provocando que la persecución de los delitos se vea seriamente afectada, incluso, provocando la alteración de escenas del crimen, de pruebas, de entrevistas, o divulgando bajo la coacción de la que puedan ser objeto, de información privilegiada contenida dentro de las investigaciones, como por ejemplo, de la existencia de mandamientos judiciales.

Así las cosas, se sostiene que de divulgarse los nombres de los Fiscales y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información, se hace perfectamente identificable a los servidores públicos con actividades operativas de investigación de los delitos, lo que pone en peligro tanto su vida<sup>7</sup> como la prevención o la persecución de los delitos<sup>8</sup>.

Precisamente, el entonces Instituto Federal de Acceso a la Información Pública, estableció el Criterio 06/09 de rubro y texto siguiente:

*Criterio/06-09 "Nombres de servidores públicos dedicados a actividades en materia de seguridad, por excepción pueden considerarse información reservada."*

*De conformidad con el artículo 7, fracciones I y III de la Ley Federal de Transparencia y Acceso a la Información Pública Gubernamental el nombre de los servidores públicos es información de naturaleza pública. No obstante lo anterior, el mismo precepto establece la posibilidad de que existan excepciones a las obligaciones ahí establecidas cuando la información actualice algunos de los supuestos de reserva o confidencialidad previstos en los artículos 13, 14 y 18 de la citada ley. En este sentido, se debe señalar que existen funciones a cargo de servidores públicos, tendientes a garantizar de manera directa la seguridad nacional y pública, a través de acciones preventivas y correctivas encaminadas a combatir a la delincuencia en sus diferentes manifestaciones. Así, es pertinente señalar que en el artículo 13, fracción I de la ley de referencia se establece que podrá clasificarse aquella información cuya difusión pueda comprometer la seguridad nacional y pública. En este orden de ideas, una de las formas en que la delincuencia puede llegar a poner en riesgo la seguridad del país es precisamente anulando, impidiendo u obstaculizando la actuación de los servidores públicos que realizan funciones de carácter operativo, mediante el conocimiento de dicha situación, por lo que la reserva de la relación de los nombres y las funciones que desempeñan los servidores públicos que prestan sus servicios en áreas de seguridad nacional o pública, puede llegar a constituirse en un componente fundamental en el esfuerzo que realiza el Estado Mexicano para garantizar la seguridad del país en sus diferentes vertientes.*

*Expedientes: 4548/07 Centro de Investigación y Seguridad Nacional – Alonso Gómez-Robledo V. 4130/08 Policía Federal Preventiva - Jacqueline Peschard Mariscal 4441/08 Policía Federal Preventiva- Alonso Gómez-Robledo V. 5235/08 Secretaría de la Defensa Nacional – Jacqueline Peschard Mariscal 2166/09 Secretaría de Seguridad Pública – Juan Pablo Guerrero Amparán*

Criterio que es perfectamente aplicable al caso en concreto, según lo previsto por el artículo 5 fracción VIII de la Ley General del Sistema Nacional de Seguridad Pública que dice expresamente VIII. *Instituciones de Seguridad Pública: a las Instituciones Policiales, de Procuración de Justicia, del Sistema Penitenciario y dependencias encargadas de la Seguridad Pública a nivel federal, local y municipal;* razón por la cual, el personal de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, es personal dedicado a actividades en materia de seguridad.

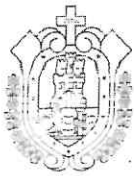

**III.- Hipótesis legales a satisfacer.-** Según lo establecido en las fracciones I, II y III del artículo 70 de la Ley 875 de Transparencia y su correlativo 89 fracciones I, II y III de la Ley 250, se cumple con las hipótesis normativas de la siguiente forma.

I. **Que la divulgación de la información represente un riesgo real, demostrable e identificable de perjuicio significativo al interés público.-** La información a publicar, tal como se ha mencionado, tiene relación directa con el interés público pues atiende a una representación social con el objeto de perseguir los delitos, situación que claramente implica que el suscrito genere acciones tuitivas de intereses difusos *ad cautelam*, es decir, prevenir las situaciones que pudieran poner en riesgo la persecución de los delitos y que, por otra parte, sitúe en riesgo real al personal de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave.

II. **Que el riesgo de perjuicio que supondría la divulgación, supere el interés público general de que se difunda.-** En el caso concreto, no se advierte que exista ningún tipo de interés público en la información, toda vez que se refiere a conocer datos personales de servidores públicos y no al ejercicio de sus funciones y atribuciones, lo que evidencia un interés particular sobre la información.

<sup>7</sup> Artículo 68 fracción I de la Ley 875 y su correlativo 94 fracción II de la Ley 250.

<sup>8</sup> Artículo 68 fracción III de la Ley 875 y su correlativo 94 fracción IV de la Ley 250.

En ese sentido, los nombres de Fiscales y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información no representan información de utilidad o interés social de manera previa, sino hasta el momento en que una persona en particular, se ubique en las hipótesis normativas aplicables en las cuales se requiera conocer la identidad de los servidores públicos en comento, las cuales se actualizan al momento de realizar la investigación de un hecho probablemente delictivo.

Para dicha situación, la propia Constitución Política de los Estados Unidos Mexicanos, reconoce en su artículo 20 el derecho humano aplicable en la materia, por el cual, en cada caso individualizado, se estará en condiciones de conocer la identidad de quienes intervienen en un asunto concreto.

III. **Que la limitación se adecúe al principio de proporcionalidad y represente el medio menos restrictivo disponible para evitar el perjuicio.** En la publicación de la Obligación de Transparencia establecida en la fracción VII, del artículo 15 de la Ley 875 de Transparencia y su correlativo fracción VI del artículo 50 de la Ley Número 250, únicamente se reservan los nombres de Fiscales, y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información, quienes realizan actividades en materia de seguridad pública; particularmente la relacionada con la investigación y persecución del delito y de sus sujetos, razón por la cual, existe un equilibrio perfectamente compatible con el principio de proporcionalidad, pues solamente se reserva la información estrictamente necesaria, ofreciendo aquella que no se ubica en las hipótesis planteadas y que, además, el suscrito proporcionará el complemento de la información solicitada en el formato establecido para publicar "el Directorio", con lo cual, se garantiza la medida menos restrictiva al derecho de acceso a la información.

No pasa desapercibida la obligación de establecer una relación directa entre la información reservada con la hipótesis en concreto que motiva dicha reserva, es decir, vincular el nombre de un servidor público con un asunto en concreto relacionado con su función, sin embargo, es preciso señalar que la Obligación de Transparencia en comento, no versa sobre un servidor público en concreto, sino de todo el universo de servidores públicos al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave.

En tal virtud, resultaría desproporcionado ofrecer el listado de todas y cada una de las Carpetas de Investigación y/o Investigaciones Ministeriales atendidas por la Fiscalía General del Estado, pues es inverosímil vincular cada una de ellas con cada Fiscal, Auxiliar de Fiscal, Oficial Secretario, Perito, y con todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información en activo, según la tendencia del Organismo Garante Local sobre su interpretación de un nexo causal entre la información reservada y la fracción I del precitado Artículo 70 y su correlativa fracción I del artículo 89 de la Ley 250.

**JURISPRUDENCIA DE LOS TRIBUNALES COLEGIADOS DE CIRCUITO. SU APLICACIÓN CUANDO EXISTEN TESIS CONTRADICTORIAS.-**

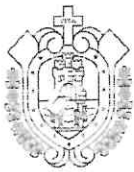

Conforme a lo dispuesto en el artículo 193 de la Ley de Amparo, la jurisprudencia que establezcan los Tribunales Colegiados de Circuito resulta obligatoria para diversas autoridades, dentro de las cuales se encuentran los Jueces de Distrito. Para la aplicación adecuada de esta disposición surge un problema, cuando dos o más Tribunales Colegiados sustentan tesis contradictorias, sin que la Suprema Corte de Justicia de la Nación haya decidido cuál debe prevalecer, dado que no pueden respetar todos los criterios a la vez, pues si se aplica uno necesariamente se dejarán de observar los otros. Al respecto existe una laguna en la ley, toda vez que no se dan los lineamientos para resolver el conflicto. Para integrar la ley, en su caso, se debe tener en cuenta el principio jurídico general relativo a que nadie está obligado a lo imposible, lo que conduce a que la norma legal en comento tendrá que respetarse únicamente en la medida de lo posible, y esto sólo se logra mediante la observancia de una tesis y la inobservancia de la o de las otras; y a su vez, esta necesidad de optar por un sólo criterio jurisprudencial y la falta de elementos lógicos o jurídicos con los que se pueda construir un basamento o lineamiento objetivo para regular o por lo menos guiar u orientar la elección, pone de manifiesto que la autoridad correspondiente goza de arbitrio judicial para hacerla. Veracruz de Ignacio de la Llave, referente a la "Remuneración bruta y neta"; cuya información, *prima facie*, reviste el carácter de pública, por tratarse de datos personales de naturaleza pública.

**DÉCIMO TRIBUNAL COLEGIADO EN MATERIA ADMINISTRATIVA DEL PRIMER CIRCUITO.**

Amparo en revisión 149/2018. Amanda Ibáñez Molina. 6 de septiembre de 2018. Unanimidad de votos. Ponente: Alfredo Enrique Báez López. Secretario: Roberto César Morales Corona.

Esta tesis se publicó el viernes 23 de noviembre de 2018 a las 10:34 horas en el Semanario Judicial de la Federación.

Con base en lo anterior, resulta necesario establecer, que los Fiscales, Auxiliares de Fiscal, Oficiales Secretarios, Peritos y todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información forman parte de los servidores públicos al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave que realizan funciones operativas, mismas que se encuentran inmersas dentro de la conducción

de investigaciones ministeriales; ya sea que se trate de Investigaciones o Carpetas de Investigación, según la terminología aplicable, de acuerdo a la entrada gradual en vigor, del Código Nacional de Procedimientos Penales.

En ese sentido, dicho personal posee información valiosa para el ejercicio de las funciones del ministerio público, particularmente la relativa a la investigación y persecución de los delitos. Precisamente, esa peculiaridad los convierte en sujetos de interés tanto de parte del Estado como de la delincuencia organizada.

Lo anterior, en virtud de que los citados servidores públicos forman parte fundamental del éxito de las investigaciones, así como del propósito de las mismas, pues son quienes de manera directa, tienen el contacto con las personas, sujetos, objetos e insumos del delito, al realizar la investigación correspondiente.

Por tanto, dar a conocer de manera indiscriminada los nombres, implica la divulgación de información que expresamente pone en peligro la vida de los propios servidores públicos, pues es posible que quienes cometieron algún delito, puedan identificarlos con diversos propósitos; atentar contra su vida o integridad a efecto de alterar la conducción o resultado de su trabajo, atentar contra la vida de sus familiares con el mismo propósito, o bien, para intentar ofrecerles un soborno.

En cualquiera de los casos previamente referidos, se hace identificable a los servidores públicos en comento, quienes pueden influir directamente en las entrevistas, investigaciones y peritajes, provocando que la persecución de los delitos se vea seriamente afectada, incluso, provocando la alteración de escenas del crimen, de pruebas, de entrevistas, o divulgando bajo la coacción de la que puedan ser objeto, de información privilegiada contenida dentro de las investigaciones, como por ejemplo, de la existencia de mandamientos judiciales.

Así las cosas, se sostiene que de divulgarse los nombres de los Fiscales, Auxiliares de Fiscal, Oficiales Secretarios, Peritos, y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información, se hace perfectamente identificable a los servidores públicos con actividades operativas de investigación de los delitos, lo que pone en peligro tanto su vida<sup>9</sup> como la prevención o la persecución de los delitos<sup>10</sup>.

Precisamente, el entonces Instituto Federal de Acceso a la Información Pública, estableció el Criterio 06/09 de rubro y texto siguiente:

*Criterio/06-09 "Nombres de servidores públicos dedicados a actividades en materia de seguridad, por excepción pueden considerarse información reservada."*

*De conformidad con el artículo 7, fracciones I y III de la Ley Federal de Transparencia y Acceso a la Información Pública Gubernamental el nombre de los servidores públicos es información de naturaleza pública. No obstante lo anterior, el mismo precepto establece la posibilidad de que existan excepciones a las obligaciones ahí establecidas cuando la información actualice algunos de los supuestos de reserva o confidencialidad previstos en los artículos 13, 14 y 18 de la citada ley. En este sentido, se debe señalar que existen funciones a cargo de servidores públicos, tendientes a garantizar de manera directa la seguridad nacional y pública, a través de acciones preventivas y correctivas encaminadas a combatir a la delincuencia en sus diferentes manifestaciones. Así, es pertinente señalar que en el artículo 13, fracción I de la ley de referencia se establece que podrá clasificarse aquella información cuya difusión pueda comprometer la seguridad nacional y pública. En este orden de ideas, una de las formas en que la delincuencia puede llegar a poner en riesgo la seguridad del país es precisamente anulando, impidiendo u obstaculizando la actuación de los servidores públicos que realizan funciones de carácter operativo, mediante el conocimiento de dicha situación, por lo que la reserva de la relación de los nombres y las funciones que desempeñan los servidores públicos que prestan sus servicios en áreas de seguridad nacional o pública, puede llegar a constituirse en un componente fundamental en el esfuerzo que realiza el Estado Mexicano para garantizar la seguridad del país en sus diferentes vertientes.*

*Expedientes: 4548/07 Centro de Investigación y Seguridad Nacional – Alonso Gómez-Robledo V. 4130/08 Policía Federal Preventiva - Jacqueline Peschard Mariscal 4441/08 Policía Federal Preventiva- Alonso Gómez-Robledo V. 5235/08 Secretaría de la Defensa Nacional – Jacqueline Peschard Mariscal 2166/09 Secretaría de Seguridad Pública – Juan Pablo Guerrero Amparán*

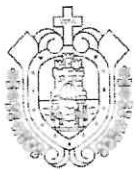

Criterio que es perfectamente aplicable al caso en concreto, según lo previsto por el artículo 5 fracción VIII de la Ley General del Sistema Nacional de Seguridad Pública que dice expresamente VIII. *Instituciones de Seguridad Pública: a las Instituciones Policiales, de Procuración de Justicia, del Sistema Penitenciario y dependencias encargadas de la Seguridad Pública a nivel federal, local y municipal;* razón por la cual, el personal de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, es personal dedicado a actividades en materia de seguridad.

**III.- Hipótesis legales a satisfacer.-** Según lo establecido en las fracciones I, II y III del artículo 70 de la Ley 875 de Transparencia y su correlativo 89 fracciones I, II y III de la Ley 250, se cumple con las hipótesis normativas de la siguiente forma.

I. **Que la divulgación de la información represente un riesgo real, demostrable e identificable de perjuicio significativo al interés público.-** La información a publicar, tal como se ha mencionado, tiene relación directa con el interés público pues atiende a una representación social con el objeto de perseguir los delitos, situación que claramente implica que el suscrito genere acciones tuitivas de intereses difusos *ad cautelam*, es decir, prevenir las situaciones que pudieran poner en

<sup>9</sup> Artículo 68 fracción I de la Ley 875 y su correlativo 94 fracción II de la Ley 250.

<sup>10</sup> Artículo 68 fracción III de la Ley 875 y su correlativo 94 fracción IV de la Ley 250.

riesgo la persecución de los delitos y que, por otra parte, sitúe en riesgo real al personal de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave.

II. **Que el riesgo de perjuicio que supondría la divulgación, supere el interés público general de que se difunda.-** En el caso concreto, no se advierte que exista ningún tipo de interés público en la información, toda vez que se refiere a conocer datos personales de servidores públicos y no al ejercicio de sus funciones y atribuciones, lo que evidencia un interés particular sobre la información.

En ese sentido, los nombres de Fiscales, Auxiliares de Fiscal, Oficiales Secretarios, Peritos, y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información no representan información de utilidad o interés social de manera previa, sino hasta el momento en que una persona en particular, se ubique en las hipótesis normativas aplicables en las cuales se requiera conocer la identidad de los servidores públicos en comento, las cuales se actualizan al momento de realizar la investigación de un hecho probablemente delictivo.

Para dicha situación, la propia Constitución Política de los Estados Unidos Mexicanos, reconoce en su artículo 20 el derecho humano aplicable en la materia, por el cual, en cada caso individualizado, se estará en condiciones de conocer la identidad de quienes intervienen en un asunto concreto.

III. **Que la limitación se adecúe al principio de proporcionalidad y represente el medio menos restrictivo disponible para evitar el perjuicio.** En la publicación de la Obligación de Transparencia establecida en la fracción VIII, del artículo 15 de la Ley 875 de Transparencia y su correlativo fracción VII del artículo 50 de la Ley Número 250, únicamente se reservan los nombres de Fiscales, Auxiliares de Fiscal, Oficiales Secretarios, Peritos, y de todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información, quienes realizan actividades en materia de seguridad pública; particularmente la relacionada con la investigación y persecución del delito y de sus sujetos, razón por la cual, existe un equilibrio perfectamente compatible con el principio de proporcionalidad, pues solamente se reserva la información estrictamente necesaria, ofreciendo aquella que no se ubica en las hipótesis planteadas y que, además, el suscrito proporcionará la remuneración bruta y neta, con lo cual, se garantiza la medida menos restrictiva al derecho de acceso a la información.

No pasa desapercibida la obligación de establecer una relación directa entre la información reservada con la hipótesis en concreto que motiva dicha reserva, es decir, vincular el nombre de un servidor público con un asunto en concreto relacionado con su función, sin embargo, es preciso señalar que la Obligación de Transparencia en comento, no versa sobre un servidor público en concreto, sino de todo el universo de servidores públicos al servicio de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave.

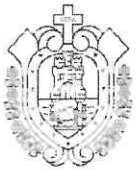

En tal virtud, resultaría desproporcionado ofrecer el listado de todas y cada una de las Carpetas de Investigación y/o Investigaciones Ministeriales atendidas por la Fiscalía General del Estado, pues es inverosímil vincular cada una de ellas con cada Fiscal, Auxiliar de Fiscal, Oficial Secretario, Perito, y con todo el personal adscrito a la Dirección General de la Policía Ministerial, a la Unidad Especializada en Combate al Secuestro y a la Unidad de Análisis de Información en activo, según la tendencia del Organismo Garante Local sobre su interpretación de un nexo causal entre la información reservada y la fracción I del precitado Artículo 70 y su correlativa fracción I del artículo 89 de la Ley 250.

**JURISPRUDENCIA DE LOS TRIBUNALES COLEGIADOS DE CIRCUITO. SU APLICACIÓN CUANDO EXISTEN TESIS CONTRADICTORIAS.-**

Conforme a lo dispuesto en el artículo 193 de la Ley de Amparo, la jurisprudencia que establezcan los Tribunales Colegiados de Circuito resulta obligatoria para diversas autoridades, dentro de las cuales se encuentran los Jueces de Distrito. Para la aplicación adecuada de esta disposición surge un problema, cuando dos o más Tribunales Colegiados sustentan tesis contradictorias, sin que la Suprema Corte de Justicia de la Nación haya decidido cuál debe prevalecer, dado que no pueden respetar todos los criterios a la vez, pues si se aplica uno necesariamente se dejarán de observar los otros. Al respecto existe una laguna en la ley, toda vez que no se dan los lineamientos para resolver el conflicto. Para integrar la ley, en su caso, se debe tener en cuenta el principio jurídico general relativo a que nadie está obligado a lo imposible, lo que conduce a que la norma legal en comento tendrá que respetarse únicamente en la medida de lo posible, y esto sólo se logra mediante la observancia de una tesis y la inobservancia de la o de las otras; y a su vez, esta necesidad de optar por un solo criterio jurisprudencial y la falta de elementos lógicos o jurídicos con los que se pueda construir un basamento o lineamiento objetivo para regular o por lo menos guiar u orientar la elección, pone de manifiesto que la autoridad correspondiente goza de arbitrio judicial para hacerla. **PRUEBA DE DAÑO EN LA CLASIFICACIÓN DE LA INFORMACIÓN PÚBLICA. SU VALIDEZ NO DEPENDE DE LOS MEDIOS DE PRUEBA QUE EL SUJETO OBLIGADO APOORTE.**

De acuerdo con el artículo 104 de la Ley General de Transparencia y Acceso a la Información Pública, y con los lineamientos segundo, fracción XIII y trigésimo tercero, de los Lineamientos generales en materia de clasificación y desclasificación de la información, así como para la elaboración de versiones públicas, aprobados por el Consejo Nacional del Sistema Nacional de Transparencia, Acceso a la Información Pública y Protección de Datos Personales y publicados en el Diario Oficial de la Federación el 15 de abril de 2016, la prueba de daño es la argumentación fundada y motivada que deben realizar los sujetos obligados para acreditar que la divulgación de la información lesiona un interés jurídicamente protegido y que el daño que puede producir es mayor que el interés de conocer ésta. Para tal efecto, disponen que en la clasificación de la información pública (como reservada o confidencial), debe justificarse que su divulgación representa un riesgo real, demostrable e identificable de perjuicio significativo al interés público o a la seguridad nacional; que ese riesgo supera el interés público general de que se difunda; y, que la limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio. Así, la prueba de daño establece líneas argumentativas mínimas que deben cursarse, a fin de constatar que la publicidad de la información solicitada no ocasionaría un daño a un interés jurídicamente protegido, ya sea de índole estatal o particular. Por tanto, al tratarse de un aspecto constreñido al ámbito argumentativo, la validez de la prueba de daño no depende de los medios de prueba que el sujeto obligado aporte, sino de la solidez del juicio de ponderación que se efectúe en los términos señalados.

En ese orden de ideas, los **Datos Personales** contenidos en el convenio modificatorio al contrato N° AD 02/2025, factura 1C35B7185A3A, Acta de Comité y Altas al Padrón de Proveedores, que en términos de los artículos 103 fracción III y 115 de la Ley General de Transparencia y Acceso a la Información Pública; 97 y 101 de la Ley Número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se clasifican como información Confidencial, se testaron únicamente aquellos cuya finalidad no es compatible con el cumplimiento de obligaciones de transparencia, es decir, su divulgación no se justifica en el caso en concreto.

Así, los **DATOS BANCARIOS**, contenidos en el convenio modificatorio al contrato N° AD 02/2025, la factura 1C35B7185A3A y Altas al padrón de proveedores, como nombre del banco, sucursal, plaza, número de cuenta bancaria/cuenta de cheques, CLABE interbancaria, referencia y convenio, constituyen información que sólo su titular y/o representante legal y/o personas autorizadas poseen, ya que corresponde a información de carácter patrimonial. La CLABE Interbancaria es un dato que se proporciona a cada sujeto de manera personalizada e individual, por lo que dicho dato lo identifica respecto de cualquier trámite que se realice ante la institución bancaria o financiera. Por medio de dicho número, la persona (física o moral) puede acceder a la información contenida en las bases de datos de las instituciones referidas, en donde se pueden consultar diversas transacciones financieras como son movimientos, saldos y demás información. Por lo anterior, la CLABE interbancaria y el número de cuenta bancaria/cuenta de cheques de personas físicas o morales, constituyen datos personales confidenciales que requieren el consentimiento expreso de su titular para su difusión. **PERSONAS MORALES. TIENEN DERECHO A LA PROTECCIÓN DE LOS DATOS QUE PUEDAN EQUIPARARSE A LOS PERSONALES, AUN CUANDO DICHA INFORMACIÓN HAYA SIDO ENTREGADA A UNA AUTORIDAD.**

El artículo 16, párrafo segundo, de la Constitución Política de los Estados Unidos Mexicanos reconoce el derecho a la protección de datos personales, consistente en el control de cada individuo sobre el acceso y uso de la información personal en aras de preservar la vida privada de las personas. En ese sentido, el derecho a la protección de datos personales podría entenderse, en primera instancia, como una prerrogativa de las personas físicas, ante la imposibilidad de afirmar que las morales son titulares del derecho a la intimidad y/o a la vida privada; sin embargo, el contenido de este derecho puede extenderse a cierta información de las personas jurídicas colectivas, en tanto que también cuentan con determinados espacios de protección ante cualquier intromisión arbitraria por parte de terceros respecto de cierta información económica, comercial o relativa a su identidad que, de revelarse, pudiera anular o menoscabar su libre y buen desarrollo. Por tanto, los bienes protegidos por el derecho a la privacidad y de protección de datos de las personas morales, comprenden aquellos documentos e información que les son inherentes, que deben permanecer ajenos al conocimiento de terceros, independientemente de que, en materia de transparencia e información pública, opere el principio de máxima publicidad y disponibilidad, conforme al cual, toda información en posesión de las autoridades es pública, sin importar la fuente o la forma en que se haya obtenido, pues, acorde con el artículo 6o., en relación con el 16, párrafo segundo, constitucionales, la información entregada a las autoridades por parte de las personas morales, será confidencial cuando tenga el carácter de privada por contener datos que pudieran equipararse a los personales, o bien, reservada temporalmente, si se actualiza alguno de los supuestos previstos legalmente.

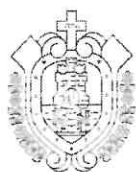

Así mismo, se testa el **NÚMERO TELEFÓNICO PERSONAL** en las Altas al padrón de proveedores, en razón de ser información cuya divulgación permite hacer identificable a una persona al estar administrado con su nombre, dado el carácter de dato personal confidencial, en tanto que identifica o hace identificable a su titular al no estar vinculada al ejercicio de la función pública, además, su difusión no aporta a la rendición de cuentas, por el contrario, transgrediría la privacidad de los individuos.

Aunado a lo anterior, se testó el **NOMBRE Y APELLIDOS**, así como la **FIRMA** de particulares en el Acta de la Tercera Sesión Ordinaria del Comité de Adquisiciones, Arrendamientos, Servicios y Enajenación de Bienes Muebles de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, Ejercicio Fiscal 2025, en razón de ser información cuya divulgación permite hacer identificable o identificable a una persona, misma que para ser revelada requiere la autorización de su titular al no estar vinculada al ejercicio de la función pública, toda vez que, dicha información fue proporcionada a la Fiscalía General del Estado de Veracruz para fines distintos a su divulgación, además de que es información que por ley es considerada como confidencial.

Por lo anteriormente expuesto, y con fundamento en los artículos 16 párrafo segundo de la Constitución Política de los Estados Unidos Mexicanos; 2 fracción IV de la Ley 251 de Protección de Datos Personales en Posesión de Sujetos Obligados para el Estado de Veracruz de Ignacio de la Llave; 20 fracción XI, 85 fracción III, 88 y 89 de la Ley 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, solicito que gire sus apreciables instrucciones a quien corresponda, a fin de que el presente curso y la documentación adjunta en disco compacto sean enviados a la Dirección General de Transparencia, Acceso a la Información y Protección de Datos Personales para que realice las acciones necesarias con la finalidad de que sea sometida al Comité de Transparencia de este organismo autónomo, a efecto de que, previo a su estudio, de ser procedente, se confirme la clasificación de la información y de las versiones públicas correspondientes.

Expuesto lo anterior, se instruye agregar el oficio número **FGE/DGA/SRMyOP/DA/345/2025**, suscrito por la Jefa del Departamento de Adquisiciones así como el disco compacto que lo acompaña y los oficios **FGE/DGA/4054/2025** suscrito por el Oficial Mayor y **FGE/DGA/SRMyOP/3019/2025** signado por la Subdirectora de Recursos Materiales y Obra Pública como apéndice del acta de sesión que corresponda y se concede el uso de la voz a los integrantes de este Comité a efecto de manifestar lo que consideren oportuno, sin que se haga uso de tal derecho. Por tanto, considerando que el Comité de Transparencia cuenta dentro de sus atribuciones, con las de "Confirmar, modificar o revocar las determinaciones en materia de ampliación del plazo de respuesta, clasificación de la información y declaración de inexistencia o incompetencia, que sean adoptadas por las personas titulares de las Áreas correspondientes de los sujetos obligados", según lo dispuesto por el artículo 40 fracción II de la Ley General de Transparencia y Acceso a la Información Pública y 30 fracción II de la Ley número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se propone a los integrantes de éste Comité, **CONFIRMAR** la clasificación de información propuesta por la Jefa del Departamento de Adquisiciones, por las razones y fundamentos descritos en el oficio de marras.

I.- Competencia. **PRUEBA DE DAÑO EN LA CLASIFICACIÓN DE LA INFORMACIÓN PÚBLICA. SU VALIDEZ NO DEPENDE DE LOS MEDIOS DE PRUEBA QUE EL SUJETO OBLIGADO APOORTE.**

De acuerdo con el artículo 104 de la Ley General de Transparencia y Acceso a la Información Pública, y con los lineamientos segundo, fracción XIII y trigésimo tercero, de los Lineamientos generales en materia de clasificación y desclasificación de la información, así como para la elaboración de versiones públicas, aprobados por el Consejo Nacional del Sistema Nacional de Transparencia, Acceso a la Información Pública y Protección de Datos Personales y publicados en el Diario Oficial de la Federación el 15 de abril de 2016, la prueba de daño es la argumentación fundada y motivada que deben realizar los sujetos obligados para acreditar que la divulgación de la información lesiona un interés jurídicamente protegido y que el daño que puede producir es mayor que el interés de conocer ésta. Para tal efecto, disponen que en la clasificación de la información pública (como reservada o confidencial), debe justificarse que su divulgación representa un riesgo real, demostrable e identificable de perjuicio significativo al interés público o a la seguridad nacional; que ese riesgo supera el interés público general de que se difunda; y, que la limitación se adecua al principio de proporcionalidad y representa el medio menos restrictivo disponible para evitar el perjuicio. Así, la prueba de daño establece líneas argumentativas mínimas que deben cursarse, a fin de constatar que la publicidad de la información solicitada no ocasionaría un daño a un interés jurídicamente protegido, ya sea de índole estatal o particular. Por tanto, al tratarse de un aspecto constrictivo al ámbito argumentativo, la validez de la prueba de daño no depende de los medios de prueba que el sujeto obligado aporte, sino de la solidez del juicio de ponderación que se efectúe en los términos señalados.

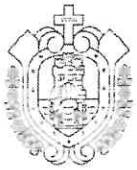

**DÉCIMO TRIBUNAL COLEGIADO EN MATERIA ADMINISTRATIVA DEL PRIMER CIRCUITO.**

Amparo en revisión 149/2018. Amanda Ibáñez Molina. 6 de septiembre de 2018. Unanimidad de votos. Ponente: Alfredo Enrique Báez López. Secretario: Roberto César Morales Corona.

Esta tesis se publicó el viernes 23 de noviembre de 2018 a las 10:34 horas en el Semanario Judicial de la Federación.

En ese orden de ideas, los Datos Personales contenidos en las Altas al Padrón de Proveedores, que en términos de los artículos 103 fracción III y 115 de la Ley General de Transparencia y Acceso a la Información Pública; 97 y 101 de la Ley Número 250 de Transparencia y Acceso a la Información Pública del Estado de Veracruz de Ignacio de la Llave, se clasifican como información Confidencial, se testaron únicamente aquellos cuya finalidad no es compatible con el cumplimiento de obligaciones de transparencia, es decir, su divulgación no se justifica en el caso en concreto.

Así, los DATOS BANCARIOS, contenidos en las Altas al padrón de proveedores, como nombre del banco, sucursal, plaza, número de cuenta bancaria/cuenta de cheques, CLABE interbancaria, referencia y convenio, constituyen información que sólo su titular y/o representante legal y/o personas autorizadas poseen, ya que corresponde a información de carácter patrimonial. La CLABE Interbancaria es un dato que se proporciona a cada sujeto de manera personalizada e individual, por lo que dicho dato lo

Por medio de dicho número, la persona (física o moral) puede acceder a la información contenida en las bases de datos de las instituciones referidas, en donde se pueden consultar diversas transacciones financieras como son movimientos, saldos y demás información. Por lo anterior, la CLABE interbancaria y el número de cuenta bancaria/cuenta de cheques de personas físicas o morales, constituyen datos personales confidenciales que requieren el consentimiento expreso de su titular para su difusión. **PERSONAS MORALES. TIENEN DERECHO A LA PROTECCIÓN DE LOS DATOS QUE PUEDAN EQUIPARARSE A LOS PERSONALES, AUN CUANDO DICHA INFORMACIÓN HAYA SIDO ENTREGADA A UNA AUTORIDAD.**

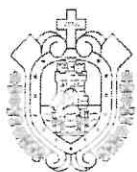

*El artículo 16, párrafo segundo, de la Constitución Política de los Estados Unidos Mexicanos reconoce el derecho a la protección de datos personales, consistente en el control de cada individuo sobre el acceso y uso de la información personal en aras de preservar la vida privada de las personas. En ese sentido, el derecho a la protección de datos personales podría entenderse, en primera instancia, como una prerrogativa de las personas físicas, ante la imposibilidad de afirmar que las morales son titulares del derecho a la intimidad y/o a la vida privada; sin embargo, el contenido de este derecho puede extenderse a cierta información de las personas jurídicas colectivas, en tanto que también cuentan con determinados espacios de protección ante cualquier intromisión arbitraria por parte de terceros respecto de cierta información económica, comercial o relativa a su identidad que, de revelarse, pudiera anular o menoscabar su libre y buen desarrollo. Por tanto, los bienes protegidos por el derecho a la privacidad y de protección de datos de las personas morales, comprenden aquellos documentos e información que les son inherentes, que deben permanecer ajenos al conocimiento de terceros, independientemente de que, en materia de transparencia e información pública, opere el principio de máxima publicidad y disponibilidad, conforme al cual, toda información en posesión de las autoridades es pública, sin importar la fuente o la forma en que se haya obtenido, pues, acorde con el artículo 6o., en relación con el 16, párrafo segundo, constitucionales, la información entregada a las autoridades por parte de las personas morales, será confidencial cuando tenga el carácter de privada por contener datos que pudieran equipararse a los personales, o bien, reservada temporalmente, si se actualiza alguno de los supuestos previstos legalmente.*

Así mismo, se testa el **NÚMERO TELEFÓNICO PERSONAL** y **CORREO ELECTRÓNICO PERSONAL** en las Altas al padrón de proveedores, en razón de ser información cuya divulgación permite hacer identificable a una persona al estar administrado con su nombre, dado el carácter de dato personal confidencial, en tanto que identifica o hace identificable a su titular al no estar vinculada al ejercicio de la función pública, además, su difusión no aporta a la rendición de cuentas, por el contrario, transgrediría la privacidad de los individuos.

Con motivo de las recientes reformas a las leyes tanto generales como locales, en materia de transparencia y acceso a la información pública y de protección de datos personales en posesión de sujetos obligados, así como a la reforma al Reglamento de la Ley Orgánica de la Fiscalía General del Estado, resulta necesario establecer un calendario de sesiones ordinarias para el Comité de Transparencia de esta representación social, para lo que resta del ejercicio dos mil veinticinco.

Si bien es cierto, en el mes de diciembre del año dos mil veinticuatro se aprobó un calendario de sesiones ordinarias, éste acuerdo fue tomado por un Comité de Transparencia que fungía a la luz de las leyes abrogadas; por tanto, a partir de la reforma al Reglamento de la Ley Orgánica de la Fiscalía General del Estado de Veracruz, mediante Acuerdo 51/2025 por el que se reforman las atribuciones de la Contraloría General y de la Dirección de Transparencia, Acceso a la Información y Protección de Datos Personales, ambas de la Fiscalía General del Estado de Veracruz de Ignacio de la Llave, publicado en Gaceta Oficial número extraordinario 302 en fecha treinta de julio del año en curso, se integra un nuevo Comité de Transparencia de forma distinta a la anterior.

Por tanto, al tratarse jurídicamente de un nuevo Comité, propongo a los presentes que, para lo que resta del año en curso, las sesiones ordinarias de éste cuerpo colegiado, se celebren en los meses de octubre y diciembre.

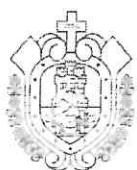

Es cuánto.

Expuesto lo anterior, se concede el uso de la voz a los integrantes de este Comité a efecto de manifestar lo que consideren oportuno, sin que se haga uso de tal derecho. Por tanto, con fundamento en el artículo 371 primer párrafo del Reglamento de la Ley Orgánica de la Fiscalía General del Estado de Veracruz, se propone a los integrantes del Comité de Transparencia, **CONFIRMAR** el calendario de Sesiones para el ejercicio dos mil veinticinco, presentado por la Presidenta de éste Comité.
